Subhead: Glade Springs Golfing at its Best

These glorious warm autumn days go by too quickly...don't pass up a chance for one more round on the beautiful Cobb Course...it may be your best of the year!

The weather is great, the greens are showing a stimp rating of 10+, and best of all, fall rates are just \$60 per player.

The Cobb Course is the most comprehensive golf course in West Virginia and a true testament to the game. Designed by George W. Cobb in the early 70s, this 18-hole championship golf course features rolling fairways framed by mature forest leading up to some of the largest greens and bunkers you'll probably ever play. The newly renovated course now features lengths of over 7,000 yards while maintaining the integrity of the original design.

Golfing doesn't get any better than it is right now at Glade Springs Resort. Enjoy a late- season round of golf and drink in the breathtaking fall foliage. When the snow begins to fly, you'll be so glad you did!
